

Setter and Pointer Champ Show

Saturday 1st November 2008

I enjoyed my judging today and pleased to see some nice youngsters coming through the ranks. A few nice dogs were upset by the echoing in the hall and had to pay the penalty but outside I bet they were different dogs. I found a couple of suspect bites and quite a few straight upper arms so please keep this in mind.

Delighted to hear that my BOB went BIS so not only did he get his crown today but this was topped off nicely for his owners, well done.
