

## The Pointer Club 17<sup>th</sup> April 2010

**Bitch Judge Mr John Evans; Dog Judge: Mrs Dawn Ingham**

### **BITCH'S CRITIQUE:**

Many thanks for my invitation to judge at the Pointer Club 50<sup>th</sup> Anniversary Show - it was an honour. It was ten years ago since I judged the 40<sup>th</sup> Ruby show. So maybe the 60<sup>th</sup>?? It was a privilege to judge alongside my co judge, Mrs Dawn Ingham who I have known for many years.

The Pointer Standard asks for a series of graceful curves. I felt some are too square, with tails carried to high. The correct shape for bone, feet and pasterns needs watching.

## **DOG'S CRITIQUE:**

It was a great honour to have been invited to judge the 50<sup>th</sup> anniversary show and a pleasure to have judged along with my co-judge Mr John Evans. I would like to thank the exhibitors for their support of the club & the club committee for putting on such a lovely show. The weather was lovely too.

Although the entry was good I found that a high number of exhibits were lacking in style & quality. Head carriage was poor, as were tails, some exhibits carrying them far too high and only a small number actually using them. Overall the one thing that comes to mind is mediocrity and that is one thing that pointer lovers and breeders should never settle for. For this breed is the aristocrat of the gundog world and at the moment they look anything but.
