

Southern Pointer Club Champ Show Sunday 18th July 2010

Dog Report:

Great venue, good sized ring, excellent atmosphere and very good stewards all went to make it a very pleasant day. As a Gundog All-Rounder I cannot match your breed experts on breed type, but I do know my construction, and I was looking for soundly made dogs that moved correctly and looked as if they could do the job they were originally bred for. My co-judge and I agreed on nearly all of the joint decisions, having to call in the Referee once. I was pleased to see on the whole pretty good body construction, well turned stifles and some excellent second thighs. Just a couple of suspect mouths, as a breed you are not in a bad state overall at all, well done.

Bitch Report:

Thanks to exhibitors for a nice entry. I found several nice bitches over weight or having phantoms and the uneven ridged flooring seemed to affect movement. Temperaments were lovely, but I did feel that some bitches seem to be getting big and lacking elegance.

MINOR PUPPY BITCH (3, 1abs)

1st Everington's Peakdale Silver Bell. Loved this delightful 7 month old baby; balance profile even in one so young, she flowed through, topped with a lovely head and kind, alert expression. Still very loose and playful on the move, but saw enough to make her BPB.

2nd Smith's Blueyonda Whitty Banter. A baby at just 6 months and very raw; but very nice head and eye, well laid shoulders – just not as balanced yet as 1.

PUPPY BITCH (12, 1abs)

1st Dyers Sharnphilly Auckland. Very stylish. She presented a most pleasing outline, nice lay of shoulder, neck and rib, matched by well muscled quarters. Moved out well.

3rd Tibbs' Raigmore Bawbee

1st Rayner and Spinks' Spinray Miss Saigon. Found her to be very balanced, nice work in head, lovely throughneck and shoulder, stifle, pastern and feet. Finished with correct tail carried well. She moved freely and fluidly. In the challenge she continued to move well in spite of the heat and floor. Res CC.
