Thanks to exhibitors for braving the fog and for an entry of quality in depth. A few exhibits lacked muscle tone particularly in the rear quarters which gave lack of drive in movement, and tail carriage needs to be addressed in some, but all temperaments good and all mouths clean with correct bite. A lovely atmosphere around the ring - doubtless enhanced by the celebrations to wish Sue Barrs-Gordon a happy new life down under. We shall miss her.

PUPPY DOG (4, 1 abs)

1st Beesley's Ridanflight Rhodri at Birchleith: big boned o/w 10 month pup, with a very elegant head. He is raw at the moment but well - constructed which showed in his free happy movement. Best puppy.
